STATEMENT OF CONTROL TOWER OPERATOR

*Examine as
dispatches at tower (Galle)*

At 0850 PST, 18 November 1955, while on duty in the Indian Springs Air Force Base, Nevada, Control Tower, Base Operations Dispatcher requested that I attempt to contact AF 49068 and advise the pilot to land at Indian Springs Air Force Base due to bad weather at Watertown. A call to the aircraft was made every five (5) minutes for approximately one (1) hour. At no time did I receive any reply from AF49068.
